

HELP WANTED:

We are currently looking for skilled technicians to work in the studio. The following skills would be useful in 1 person but if not, we will talk to you anyway:

- ~ welding (MiG - TiG)
- ~ CNC plasma operation
- ~ stone carving/fabrication abilities
- ~ bronze/aluminum casting skills
- ~ woodworking skills
- ~ forklift/Bobcat/hoist operator
- ~ mold making

We know that its asking too much for 1 person to be gifted with all of these talents, but if you possess a few of them please contact us about a long term engagement. Please send a resume and photographs of your work to: flatlandersculpture@netzero.net
For more information or questions, call Ken at 517-486-4591.
